Subject: BOARD MEETING OF FRIENDSHIP FORCE OF CENTRAL N C 5/9/2022

President Ray opened the meeting at 10:20 a.m. with all addressees attending in person excepting Laura who was virtually present. Ralph came in and out virtually.

Minutes of the May meeting were approved, as was the Treasurer's report.

Mary gave her report, advising that there 52 members paid and 8 legacy members. She spoke about an orientation meeting June 11th at the home of Lucy, 9 newer members being invited. Eleanor having spoken about her development of a power point presentation to introduce new and prospective members to our organization will share it then. Other members will also assist, excepting Ray who will be travelling.

Mary mentioned a newly organized "Now club" as an opportunity to make a presentation to garner new members.

Ray mentioned that Judy had reported in an email that \$463. remained from the advancement for the recent Colorado in- journey. Judy suggested it might be distributed to charitable organizations. By a motion of Lucy, it was decided not to make any distribution. The vote was unanimous.

Charles said that the events planned for the Cincinnati journey were finalized and that they do not include the previously approved paddle boat event to view the building murals. Another vehicle may be used. He said the Lincoln in-bound 6/19-30 is awaiting its final commitment. It may include a stop in Memphis. Another in-bound from St. Mary's, Canada is still in process.

Lucy said the Bee presentation will be at the Cauthen's as a LEO as part of the Nebraska in-bound trip if it fits with the schedule that Barbara North is putting together.

She also urged trying to attract younger members

Future meetings will be virtual for two months and then one in person. June will be virtual and July in person, August and Sept. virtual, Oct. in person, etc.

The board being ready to consume their brought lunches and Lucy's magnificent chocolate cake, Ray adjourned the meeting at 12:04 pm.

Disorganized but unapologetic, Woody, Secy.
